FOR IMMEDIATE RELEASE

Be the Reason a Mom Smiles This Mother's Day: Join CommunicAID's 'Thank You, Mom' Campaign

Community effort delivers care packages and handwritten gratitude letters to mothers who need it most.

CITYVILLE, IL — April 28, 2025 — CommunicAID, a nonprofit organization dedicated to connecting volunteers with community needs, today announced the launch of its "Thank You, Mom" Mother's Day campaign. Running now through Sunday, May 11, the initiative invites community members to donate care packages and write heartfelt notes to low-income mothers across the area.

Participants can donate pre-packed care kits, write personal letters of appreciation, or volunteer at local packing events. All contributions will be distributed directly to mothers in need, just in time for Mother's Day celebrations. Details on how to participate, including donation drop-off locations and letter-writing templates, are available on CommunicAID's website.

"Every mother deserves to feel seen, valued, and celebrated," said David Lee, CEO of CommunicAID. "Through a simple care package or a few words of gratitude, we can bring real joy to moms who often go unrecognized. It's a small act that makes a lasting impact."

This community-driven effort continues CommunicAID's mission to foster connection and compassion through volunteerism. Last year, similar initiatives supported over 500 families, and this year, the organization hopes to reach even more mothers in need.

About CommunicAID:

Founded in 2010, CommunicAID is a nonprofit organization committed to empowering

communities through volunteer engagement and resource connection. Partnering with local nonprofits, community leaders, and volunteers, CommunicAID addresses urgent social needs and inspires collective action across the country.
